

IPAF MEWPS FOR MANAGERS TRAINING PROGRAMME ...

INTRODUCTION

AFI-Uplift is proud to be registered as an approved IPAF training centre. As the most established access platform training provider, recognised MCG (Major Contractors Group), IPAF courses provide the ideal path to gaining qualifications.

This one day course is designed to instruct supervisors and managers how to prepare for and safely co-ordinate various types of Mobile Elevating Work Platforms (MEWPs) within their control.

On successful completion, delegates will receive an IPAF certificate. Please note, this course **does not** provide delegates with a PAL (Powered Access Licence) card nor qualify them to operate powered access equipment.

COURSE ENTRY CRITERIA

- Applicants should be at least 16 years old.
- It is desirable (but not mandatory) that applicants should be literate as the course is theory-based and involves the understanding of many Regulations and Standards relating to MEWPs.

N.B. If you have any concerns about whether you are eligible to undertake this course, please contact us.

COURSE OBJECTIVES

By the end of the course, the delegate will:

- Be fully aware of the relevant Health & Safety regulations and accident prevention and control.
- Be fully aware of the needs regarding personal protection equipment.
- Be fully aware of the need to refer to the machine operating manual and of the need for familiarisations.
- Be fully aware of the implications of a hire contract.
- Be fully aware of the importance of selecting the correct machine.
- Be fully aware of planning and maintenance considerations.

COURSE OUTLINE

- Introduction including pre-course theory test, IPAF and PAL card overview.
- Understanding the different machine classifications i.e. 1a, 1b, 3a, 3b, MC, TPI and IAD.
- Awareness of different types of Mobile Elevating Work Platform (MEWP).
- Examine the history of MEWPs and the suitability of machine for tasks.
- Understanding requirements for pre-use checks and daily maintenance prior to work commencing.
- Understanding of Regulations relating to MEWP usage.
- Brief view of machines to understand some of the hazards (optional).
- Understanding the delivery of machines and familiarisation process on site.
- Individual written test, with explanation of pass requirements. *N.B. Failure to pass will mean the delegate will have to re-sit the course on another day.*
- Course review and close.
